STATEMENT REGARDING DEPOSIT OF
BIOLOGICAL MATERIAL PURSUANT
TO 37 C.F.R. §§ 1.804(b) and 1.808(a)(2)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I hereby state that:

1. The hybridoma cell lines designated 13H8, 11G5, 10F6, 10D8, 6E10, and 5B3 were deposited with the American Type Culture Collection, 12301 Parklawn Drive, Rockville, MD, USA under ATCC Accession Numbers CRL 10510, CRL 10511, CRL 10512, CRL 10513, CRL 10514, and CRL10515 respectively, on July 26, 1990. This deposit was made under the provisions of the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purpose of Patent Procedure and the Regulations thereunder (Budapest Treaty). A copy of the deposit receipt and viability statement for these deposited cell lines is attached hereto as Exhibit A.

2. Evidence that permanent availability of the microorganism is assured is provided in the form of the attached copy of the contract with the above-mentioned depository with respect to the deposited cultures.
3. I affirm that should the microorganisms mutate, become nonviable or be inadvertently destroyed, applicants will replace such microorganisms for at least 30 years from the date of the original deposit, or at least 5 years from the date of the most recent request for release of a sample or for the life of the any patent issued on the above-mentioned application, whichever period is longer.
4. That, with respect to availability of the cultures, I affirm that the deposit has been made under conditions of assurance that access to the cultures will be available during pendency of the patent application to one determined by the Commissioner to be entitled thereto under 37 CFR 1.14 and 35 USC 122.
5. The hybridoma cell lines deposited as ATCC Accession Numbers CRL 10510, CRL 10511, CRL 10512, CRL 10513, CRL 10514, and CRL10515 on July 26, 1990 are the same as the 13H8, 11G5, 10F6, 10D8, 6E10, and 5B3 cell lines identified in the above application.
6. Subject to 37 C.F.R. §1.808(b), all restrictions on the availability to the public of all the deposited cell lines referred to herein will be irrevocably removed upon the granting of a patent on the above application.

Respectfully submitted,

Emily M. Haliday

The deposits were accompanied by: ____ a scientific description ____ a proposed taxonomic description indicated above.

The deposits were received July 26, 1990 by this International Depository Authority and have been accepted.

AT YOUR REQUEST:

X We will inform you of requests for the strains for 30 years.

The strains will be made available if a patent office signatory to the Budapest Treaty certifies one's right to receive, or if a U.S. Patent is issued citing the strains.

If the cultures should die or be destroyed during the effective term of the deposit, it shall be your responsibility to replace them with living cultures of the same.

The strains will be maintained for a period of at least 30 years after the date of deposit, and for a period of at least five years after the most recent request for a sample. The United States and many other countries are signatory to the Budapest Treaty.

The viability of the cultures cited above was tested July 31, 1990. On that date, the cultures were viable.
